Introducing our **NEW** Sensory Cushion specially developed for **DEMENTIA**

Our *new* innovative **Multi-sensory Activity Cushions** are aimed to **stimulate and comfort people with dementia offering a welcome distraction and keeping minds active and hands busy.**

Our therapeutic cushions are made with washable Flame Retardant jumbo cord, and on the rear of the cushion is a cosy **hand muff** to keep them cold hands really warm!

Each cushion has 7 tactile areas to play with including a pocket with a teddy, crinkly bag, and 3 ribbons to play. Pompoms on one side and fringe on the other. All sewn extremely well ensuring that nothing will come undone.

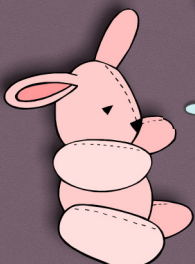

The cushions are 15" square to fit comfortably on a lap.

We can help...

Lets change the way our and loved ones pass the day on with a comforting, warm, and stimulating 'FRIEND' - Our Cushion. Well, lets face it we can all remember having a special teddy to cuddle up to and feel secure, and that's the same later in life to.

These cushions would make an ideal present for your loved ones!

Only £49.95

Carriage - £7.50 for orders under £80.00.
A surcharge of £15.00 will be applicable to all deliveries for the Scottish Highlands and outside the UK.
All Prices Exclude VAT

* Note: Design and colours may slightly vary from the photo as this is a special, handmade product.
